### Summer Internship Programme 2025

#### Notes to Institutions

#### *I. General Information*

Hong Kong Housing Society (HKHS) is an independent, non-government and not-for-profit organization established in 1948, aiming to serve the needs of the Hong Kong community in housing and related services. We strive to be a world-class housing solution provider and innovator with leadership in quality, value for money and management. We put customer, quality, talent and prudence as the core values that support our guiding principles.

We are committed to promoting professional development and knowledge sharing for the benefit of the long-term development of the housing sector. To this end, every year HKHS offers internship opportunities to tertiary education students in Hong Kong. Through our internship programme, students are provided with the chance to gain practical work experience, engage in on-the-job training, and receive mentor coaching. It is our firm belief that these invaluable experiences will enhance their competencies and contribute to their future career development.
