

# HYAB Scheme on Corporate Summer Internship on the Mainland and Overseas 2026

As a growing multinational company, the MTR Corporation strives to connect communities through our railway network, property projects, various commercial activities, and investment projects. Riding on our expertise and experience, we continue to grow outside of Hong Kong. This year, MTR is thrilled to continue our journey of nurturing young talents by offering exciting and quality internship opportunities designed to foster youth development.

## Programme Details

- This Scheme is a joint initiative between the HKSAR Government, MTR Corporation, and other major companies in Hong Kong to provide quality internship opportunities on the Chinese Mainland and overseas.
- We provide a sampling of what it is like to work in a dynamic business environment outside Hong Kong, with various disciplines including but not limited to Business Development, Engineering, Finance, Human Resources, Information Technology, Maintenance, Marketing, Project Management, Safety and Quality, Station Operations, Technical Support and Planning and Transportation Planning.
- You will have the opportunity to travel and work in one of the hubs where MTR operates, in particularly, Chinese Mainland and Australia, subject to VISA application and business needs.
- Each internship placement will last for eight (8) weeks and will take place between June and August 2026.
- Throughout the programme, we will support you in developing new skills and expanding your exposure beyond Hong Kong, enabling you to better prepare for the future transition from study to work and understand your career interests.
- Orientation will be provided to facilitate your understanding of our businesses, strategies, values, operations, and useful tips on working outside Hong Kong.
- MTR will sponsor the interns on major expenses, including transportation and accommodation costs, to ensure that deserving young people will not be barred from joining the Scheme due to lack of means.

## Requirements

- Hong Kong residents pursuing a Bachelor or Master Degree locally or abroad
- Good analytical and problem-solving skills
- Excellent communication skills in English and Chinese (including Putonghua)
- An open mind with a positive attitude
- Proficiency in Microsoft Word, Excel, and PowerPoint
- Possession of a valid travel document is required
- Knowledge in data science and data analysis tools is an advantage
