

About the HKSYU Mentorship Programme

Established in 2003 and organized by the Office of Student Affairs (OSA), the Mentorship Programme connects current students with industry leaders, including alumni and other experienced professionals. The programme welcomes applications from local and non-local undergraduate and postgraduate students, aiming to encourage early career planning and broaden students' exposure through interactions with mentors from diverse backgrounds.

Programme Objectives

- Provide a platform for mentees to learn from mentors' valuable work and life experiences.
- Help mentees build useful professional networks for their future development.
- Support students in identifying their career interests, orientation, and goals.

Programme Format

- An Opening Ceremony serves as the first official gathering for mentors and mentees, typically held on a Saturday morning or afternoon in November.
- Mentors and mentees have the flexibility to decide their meeting and communication methods. While there are no strict rules, both parties are encouraged to meet at least four times during the year, in addition to regular phone or email communication, to achieve the programme's objectives.
- Possible activities include workplace visits, experience-sharing sessions, attending business conferences or social functions, breakfasts or lunches near the mentor's office, participating in voluntary service together, and allowing mentees to assist in organizing activities.
- Upon completion of the programme, mentors will be recognized by HKSYU with a certificate of appreciation.
- Mentor-to-mentee ratios may be 1:1, 1:2, or 1:3.

Programme Duration

- The Mentorship Programme is a one-year initiative that commences each November.
- Mentees are encouraged to stay in touch with their mentors beyond the official programme period, fostering long-term relationships and ongoing professional support.

Mentor We're Looking For

We invite applications for individuals who:

- Are based in Hong Kong and hold senior executive or managerial positions, with at least 8 years of working experience across various sectors.
- Work in fields such as commerce, consultancy, cultural and creative, social and community services, NGOs, government, legal, education, journalism, media, information technology, or related industries.
- Possess extensive social and professional networks.
- Are passionate about supporting young people and are willing to devote time and effort to nurturing the next generation.

Our Expectations of Mentors

- Maintain regular contact with mentees, with a minimum of four meetings per year.
- Commit to nurturing assigned mentees and report any difficulties or challenges to the OSA.
- Attend the Opening Ceremony (typically held in November each year).
- Guide mentees, or provide opportunities, to explore their career interests and follow up accordingly.
- Submit a programme evaluation form to the OSA at the end of the cycle.

To apply, please submit the mentor registration form together with your CV and profile picture via:

Mentor Recruitment

- Recruitment is an ongoing process throughout the year.
- Matching is primarily based on the industry preferences of participating mentees; as a result, some mentors may not be assigned a mentee in a given year. Unmatched mentors may choose to remain in the mentor pool for future matching cycles.

Advice for a Safe and Effective Mentoring Relationship

- Meet in public places, such as cafés, the university campus or windowed conference rooms in offices.
- Schedule meetings at appropriate times. To avoid one-on-one meetings at night, aim for daytime or regular working hours.
- Keep the focus on goals and career-related issues, ensuring that the relationship remains specific to the mentee's objective and professional interests.

List of Programmes offered by Hong Kong Shue Yan University

Faculty of Arts
